

## STRENGTH & BEAUTY

GSF Pure Fuzion, the son of multi-national champion Apolopalooza, represents the foundation of North By Northwest's breeding program.

*A perfect combination of form and function, Fuzion represents the future of performance horses - bred for athleticism and beauty.*

Much as Fuzion inherited many of his father's traits, his first foals indicate a penchant for passing along the best qualities of this remarkable stallion - a high head and neck, strong hocks, an athletic build and a game mentality.
