

*...where style meets
substance, lies true
fusion...*

GSF Pure Fuzion, the son of multi-national champion Apollopalooza, represents the foundation of North By Northwest's breeding program.

Out of Afire Bey V daughter Primroza Afire (Primroza x Bask Clasix) and line-bred to *Bask, this remarkably talented and beautiful horse displays many of his father's best attributes.

Fuzion boasts a beautiful head and neck, a strong step behind and high square motion in front. His back is short, his shoulder strong, and his legs are straight.

Much as Fuzion inherited many of his father's traits, his first foal crops indicate a penchant for passing along the best qualities of this remarkable stallion - a high head and neck, strong hocks, an athletic build and a game mentality.

Already the father of several Regional Champions, Fuzion's foals will be competing at U.S. Nationals in the Arabian and Half-Arabian Country Pleasure Futurities. We invite you to catch the excitement when these youngsters hit the arena and to contact us for additional information on Fuzion's exceptional offspring.
